O² Prime Architraves & Skirtings

O2 Prime Architraves & Skirtings are recognised as the leader in pre-primed MDF Mouldings. Made from renewable pine plantations sourced in Australia, the O2 Prime range feature extremely low formaldehyde levels (E0) and are highly moisture resistant (HMR) due to the specially formulated resin bonding system. Using advanced moulding methods, a computerised sanding and denibbing process plus a two-coat pre-primer, Botany Bay Timber O2 Prime Architraves & Skirtings set the standard with their high quality, durable and super fine finish.

-  **(HMR)** — Highly Moisture Resistant AS/NZS 1859.2
-  **Low (E0)** — Extremely low formaldehyde levels
-  **Environmentally friendly** — Made in Australia from renewable pine plantations.

-  **Primed for painting** — 2 coat pre-primed, ready for easy topcoat coverage.
-  **Fine finish** — High quality, super fine finish that can be cut, glued and nailed.
-  **Wide range** — A wide range of profiles to suit both modern and traditional designs.
